PROFILE

House of
Fasteners
& Other Products

ABOUT US

ASHOK PRECISION PRODUCTS was founded in 2006 by Mr. ASHOK PUNJABHAI SHAH, Proprietor. We have great pleasure in introducing ourselves as manufacturer and supplier of Industrial Fasteners as per industry norms and standards using graded raw material from reliable and certified vendors of the market.

We have been dedicated to provide our customers with state of the art of quality products. Over the years we are continuously improving in development, manufacturing and supply chain to meet each and every requirement of our customers. The unit makes wide range of fasteners and adding sophisticated machines to cover more range.

With years of experience and Knowledge we always make efforts to provide our clients new, easy to install and useful products. This also helped to increase our numbers of customer's in the market.

We provide our fasteners for light to heavy, Engineering Industries, Electrical and Electronics, Automobiles, Air condition, Refrigeration etc. Our large range of products offers reliable sources for various industries requirement with first class quality.

In future we are planning to introduce more products to the world of fasteners and are also planning to assemble related products in our premises to give ready goods to customers.

OUR MISSION

Our mission is to work continuously towards achieving excellence and to bring further enhancements in our quality standards and supply our clients with a more matured range of products.

OUR VISION

Our Vision has always been to excel in our performance and achieve perfection in what we are doing and to enhance the capability and enthusiasm of workers by combination of idea and smart work to manufacture useful tools for industry, clients. To make best product by giving hundred percent in product manufacturing.

QUALITY POLICY

We are committed to supply timely quality product to our esteem customers. We tend to assure supply complaint free products to achieve complete customer satisfaction through continuous improvement.

CORE VALUES

The unit core values are deeply rooted in providing quality products on time assistance and optimal affordability. We are dedicated to meet technically challenging solutions to achieve any kind of customer's requirements.

WHY US ?

- Wide Range of Products
- Precise Quality Checks
